

RADICALS

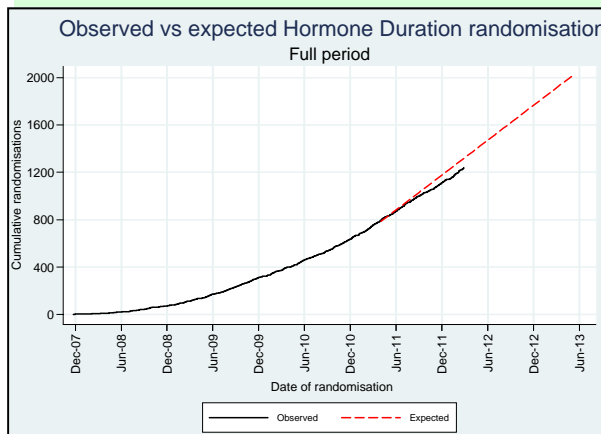

Radiotherapy and Androgen Deprivation In Combination After Local Surgery A randomised controlled trial in prostate cancer.

March 2012

Record-breaking recruitment in RADICALS!

We are very pleased to report that February 2012 was our **most successful** month of recruitment so far in RADICALS. 48 patients joined RADICALS-HD and a **record-breaking** 25 patients were randomised into RADICALS-RT! This is excellent news for the progress of the trial and we would like to say **thank you** to you all for your continued support of both randomisations. With your hard work, we can continue to achieve and even improve on these excellent recruitment figures to reach our target of ~3000 patients. There is more information below on accrual to both randomisations.

Accrual

The accrual in RADICALS is showing much-improved progress of both randomisations. We are very grateful for your hard work in contributing to the most successful month of recruitment so far. We are especially pleased with the improvements in recruitment to RADICALS-RT. The list of top ten recruiting centres to RADICALS-RT are below. If you would like to join this list, please don't hesitate in doing so and contact us for more information to help you!
